FROM THE EDITOR

Welcome to the Sports Issue of NZX. We're calling it the "sports issue" because two of our models this month have achieved in that field. And because we're campaigning for masturbation and sex to be included at the next Olympic games.

A few events we're advocating:

1. Competitive Blowjobs. Women from around the globe compete to deliver the world's fastest blowjob. The winner is the first whose mouth (no hands allowed) brings her partner to completion.
2. Sport Fucking. Couples are judged on style, noise, difficulty of positions, and much like rhythmic gymnastics, a whole lot of other nonsense so subjective that it really shouldn't be considered a sport, but it is, so deal with it, and who cares because they'll look good doing it.
3. The Quick Wank. A male-only event where the winner, accompanied by a copy of NZX magazine, is the first to shoot his load. Additional criteria, such as plastering the faces of female judges in the crowd, earns bonus points.

And so it goes. A surefire ratings winner. Seeing the woman from Burkina Faso facing off, butt to butt, against the entrant from Uruguay, in the Ass Contest (the winner is the first to trap

her opponent between her cheeks, rendering her unconscious) is a sport we can all get behind.

Just as we get behind this issue of NZX. We have feature pictorials with four stunning kiwigirls. Joline, Jazza-Lee, and Jasmine debut in their first nude photo shoots, and North Shore blonde Abby returns after nearly two years with some bold beach shots.

Jasmine is a former New Zealand bodybuilding champion. Joline is a nationally ranked, professional table tennis player. And Jazza-Lee could win another new Olympic sport: World's Wettest Pussy.

Best start practicing now for the Quick Wank. — **ANDREW X**

SHOW EVERYTHING

NZX has impressed me. I remember the bad old days when there simply wasn't any home grown NZ porn, or what was out there was badly taken black-and-white photos of somewhat marginal women. And by bad old days I'm referring to as recently as 1999. But your models are consistently hot — all women I'd love to enjoy some quality time between the sheets with. And the photos are crystal clear and most certainly show everything from every angle. Nothing to fault. Though with a model like Gucci, I suspect there are no bad angles!

Vegas Dave, Hamilton.

Thanks Vegas. 2011's already shaping up as one of NZX's best years for hot, new kiwi models. — Editor.

STIFF LIKE A TOWER

Those photos of kiwigirls K*Leigh and Miya in NZX 101 were so great to perv on. Their suntanned bodies really got my cock stiff like a tower. Any chance of meeting them?

The pics of kiwigirls PJ and Olivia, what can I say? More outstanding work by the guys who take the photos. The final pic spread of kiwigirl Michelle nearly made my heart stop.

Loved the story and pics about Fay from the NZX DVD with her getting a creampie surprise. Can't wait for NZX 102 to gaze upon Cindy's hot body.

Stephen, Tauranga.

USING MY COCK

I hold NZX 102 in my hands. My sticky hands. It was a good one. Allow me to comment on its contents, the pages that have left me drained like a swimming pool after a child's dropped a log in it,

NZX #102 cover girl, GUCCI from Auckland.

spent like a welfare payment at the TAB, and deflated like a party balloon two weeks after the party. It was worth it...

Taylor: this lovely lady's body is outrageous. She's like a cartoonist's exaggerated version of the perfect woman, except she's real, right there in the flesh. Page 13 does it for me. I like to think my jizz is coating those licorice all-sorts.

Mandy: 8 awesome pages of a girl who looks born to fuck and fuck and fuck. The page 24-25 spread is my pick. I don't think I'll ever tire of gazing at those photos and hammering my cock. That page 25 photo is the bomb. It's making me want to stop for another tug now. Mandy's standing in the water looking so sexy and defiant. It's like, fuck me if you can!

Gucci: tough choice, lots of sweet photos here. I'm liking page 38, just Gucci looking almost sweet and not-so-innocent in her bikini, and page 47, close-up holding her pink pussy wide open with her manicured nails. Also like how she's pulling her nipple ring on page 44. Gucci's a great looking bird; she looks like she should be famous. Wait, she's done NZX: that makes her famous!

Cindy: this looks like a fun shoot. Page 56 is my choice, both her smile and the little inset pic of her panties peeled down her thighs. I wouldn't mind peeling those panties all the way down. Using my cock instead of my hands, of course.

Pecker, Auckland.

SPREAD THOSE CHEEKS

Aye great issue, NZX 100! I'd like to love those sisters in every way I can think of, anyway they wish.

Man that Sydney. Is she single? I can lick her pussy any time of the month, even when it's bloody mary time. She's got beautiful eyes that I can stare into for a long time. I like the pages 61 and the round pic of her pussy on page 60. I'd like to meet her in person, other's too, but Sydney's the one.

Lorena's a sexy Asian lady. Nice ass. I'd like to spread those cheeks. Her pussy can be fucked all night long. Nice round tits. Miss Maraschino, nice to see her again; her pussy and tits and ass, mmm. And Brook looks hot with blonde hair.

PS: I had to get myself a blonde escort cos the pics of Sydney got to me. Nice one Sydney!

She's taking art to the streets, man.

BOOBS & PEACE!

FANTASY FEST!

The history of art in seven easy steps:

1. Cave drawings of boobies and spades.
2. Egyptian hieroglyphics of women with cat's heads
3. The maximal genius of da Vinci (decoded: the Mona Lisa's smile is actually the artist's reconstruction from memory of her cunt.)
4. Van Gogh lops his ear off in depression brought on by deprivation of boobies.
5. Picasso finds new, "abstract" ways to depict boobies.
6. NZX magazine's lovingly rendered photographic reproductions of vaginas.
7. Body-painted drawings on boobies and spades.

In other words, the history of art has come full circle. If indeed, it ever progressed in the first place. The cavemen had their priorities right — don't let any snooty art critic tell you otherwise. And what they began, modern men continue. And where they continue in spectacular fashion, is the Fantasy Fest, an annual event in Florida's Key West.

Whilst Florida is predominately

regarded as both America's retirement village and Tony Montana's head-stomping ground, it's also America's party state. And the recent Fantasy Fest was a party of pussy.

Painted pussy.

And painted boobies. Paint to be licked and sweated off later that night on the rusty bedsprings of cheap motel rooms, or the beer-soaked floors of slightly stank restrooms.

Only to be repainted the following day. And licked and sweated off that night as the party and sex-hormones rage through the weekend.

It's a drunken good time had by all. And how we wish a similar event could float in NZ. An event to unite all New Zealanders in a joyous union of painted flesh and tearful regret the following morning. •

MADE IN CHINA!

The beautiful cover girl for issue #103, NZX is proud to introduce JOLINE. She's 29, from Wellington, and likes to watch guy's wank!

Any volunteers?

All of you?

Every single one of you?!

Hmm, fair enough.

Joline can be seen naked across our pages, showing her athletic body, horny smile, and swollen labia. Wouldn't you just love to shoot a load on that?

As well as being totally hot, Joline is nationally ranked as a table tennis player. That's something different! At the 2010

New Zealand national championships, she was a top three medalist in singles and mixed doubles. Which begs the question, who knew ping pong players were so sexy?

It's like a whole new world has been revealed to us! We might even take up the sport. But it's a bit of another kind you'll need to take a firm grip of when persuing Joline's photos.

In fact, we can foresee a few "sporting accidents" occurring in the groin area. Be careful. •

Kiwigirl JAZZA-LEE and the
Softwist vibrator take the
stairway to wet pussy heaven.

TOYS!

SEVEN CREATIONS SOFTWIST

Product Type: Vibrator

Price: \$42

Batteries: 2 x AAA required.

Let's begin with a multiple choice question. What's long, red, has lots of twists in it, and brings pleasure to twats?

a) The People's army marching along the Great Wall of China.

b) Jame Ellroy's L.A. QUARTET novels.

c) Superman's cock.

d) A Bloody Mary presented to an aging barfly at 3am last call in an underground urban dive in a futile bid to hold back the night, any night, and usher in a flickering moment of contentment attained via a frantic, anonymous sexual encounter spent bent over a rubbish skip in a dampened back alley of concrete, rats, and discarded condom wrappers.

e) The Softwist vibrator.

f) All of the above.

The correct answer is 'e'. You might have thought it was 'c', but you'd be incorrect. Whilst Superman's cock is long, red, has lots of twists in it, and also wears

a cape, he uses it not to bring pleasure to twats, but to fight crime. Which makes him gay. Community spirited, admirably so, but very much a friend to Liberace. Not that there's anything wrong with that.

Answers 'a' and 'b' satisfy the first three criteria — 'a' being red by political denomination; 'b' reddened by the blood seeped through its pages — but similarly fall short on the bringing pleasure to twats requirement. Which is where the Softwist steps up... and slips in.

And answer 'd' is nothing more than poetic gibberish written after one glass too many of mid-priced Aussie merlot.

But don't take our word on it, just ask new NZX model JAZZA-LEE, to whom the Softwist was assigned. And in whose juicy pussy it found a welcoming home.

Jazza-Lee, a West Auckland girl in an East Auckland location, pushed the long, red, and full of twists vibrator into her soaked cunt, twilled the vibrator's speed

dial, and took herself up the stairway to heaven.

Where heaven is measured not by bearded men in wispy clouds, but by orgasms. A tangible measure. And one to which Jazza-Lee's delectably dripping pussy can testify, over and over, as her girl-goo gushed forth and the Meaning of Life, yay and verify, was revealed in a damp spot on a wooden step.

A spot that wasn't shaped like the balls of Jesus, or Mother Theresa's taint, but just an amorphous blob depicting the aftermath of pleasure.

Yes, Jazza-Lee's wet pussy justified the universe that day. And it was the Softwist vibrator that helped take her there. A vibrator, and an experience, that you can purchase for yourself from the advertisement in this magazine.

Try it for yourself, ladies. You'll never wonder about Superman's cock again. •

COUGAR TOWN XXX

Studio: Anarchy

Category: Gonzo, MILF

Featuring: Cheyenne, Davia Ardell, Lexi Bardot, Payton, Vanessa Lane, Sexy Vanessa.

SCENE 1: CHEYENNE

Cheyenne's a foxy MILF with brown hair, thin thighs and big tits. She's hanging out at home when some stud turns up looking for his friend who owes him money. He's obviously not there so Cheyenne offers to help settle the debt. Pretty soon she's choking on the stud's huge, thick cock, while he holds his hand on the back of his head. The sounds Cheyenne makes when she's getting her pussy licked, while her legs are behind her head are so incredibly sexy. It's refreshing to hear honest pleasure sounds in porn! The scene finishes with Cheyenne on her back with her legs over her head while she jerks off the guy's cock all over her face and tits. She scoops the cum off her chest with her fingers and into her throat. The porn dude informs her the debt has been settled.

SCENE 2: DAVIA ARDELL

The scene starts with Davia teasing us with her big tits and baby voice. She's got a tight body but is curvy. She looks a little like a trashier version of Pamela Anderson (yes, trashier than that!). The

scene goes straight into Davia aggressively sucking cock and jerking it off into her throat. While Davia's still on her knees, she gets her tits fucked before getting fucked hard and rough on the couch. She screams loudly and pulls the porn dude's nipples while he slams his huge cock repeatedly into her. Davia begs for the cum, so of course her wishes are granted when the porn dude sprays a big creamy load all over her big fake tits.

SCENE 3: LEXI BARDOT

Lexi's the youngest looking lass of the bunch and is definitely one of the cutest. The scene starts with Lexi looking adorable in purple and dirty talking to the camera while touching her body. I will admit that the dirty talk is kind of awkward and there are only so many times you can say, 'Do you wanna see a cock go into my ass? Oooh yeah' before it gets repetitive, but Lexi's hot so I'm willing to overlook bad dirty talk. Lexi starts to fuck herself with her fingers before she's joined by a naked porn dude who walks until his penis is stopped by the back of Lexi's throat. She sucks his balls while jerking him off and easily takes him into her throat. There's a lot of rough blow jobbing and anal in this scene. Very hot. Lexi's voice is pretty annoying after 5 seconds, but she's hot and that's why the mute button was

invented.

SCENE 4: PAYTON & VANESSA LANE

Ever wanted to see what hot MILFs do in their spare time? Apparently wear nothing but high heels and fuck each other stupid on couches. Excellent. Payton and Vanessa look so hot in this scene that it's almost a shame when the male talent enters with his flaccid cock. It doesn't take long for him to get hard though as Payton and Vanessa aggressively suck his cock and lick his balls. The scene ends with the girls sharing the guy's load. I wish this would have been a girl/girl scene, but it was still hot and rough as a girl/girl/boy.

SCENE 5: SEXY VANESSA

The scene starts with Vanessa on her knees sucking a huge, thick cock. She's wearing a suspender belt and stockings, which is incredibly hot and looks up at the camera with her big cougareye as she takes the cock into her throat. Vanessa gets fucked every which way but it's especially hot when she plays with her clit while she gets fucked on her back. The scene ends with Vanessa getting fucked from behind and taking a load deep inside her pussy.

BANZAI #1

Studio: Anarchy

Category: Gonzo, Asian

Featuring: Lucy Thai, Annie Cruz, Kammy, Lucy Lee, Nautica Thorn.

Banzai is a Japanese word meaning "10,000 years". Or roughly akin to, "Long live the King!" Colloquially, banzai also means "attack!" and is associated with kamikaze raids in World War II.

Banzai is also a restaurant on Auckland's Dominion Road (try the teriyaki salmon; it hits the spot better than a Mitsubishi Zero on the deck of the USS Arizona).

Even more colloquially, as per the Urban Dictionary, "When you're getting a blowjob from some girl, and you tell her you feel like you finished. Then she gets confused, takes it out, and scream 'BANZAI!' in her face and explode in her eye."

We're not sure of the validity of that one. But we're sure your best friend's mum will appreciate it.

We are sure that BANZAI is also an Asian-American porn series from Anarchy Pictures. The first three volumes of which have been blessed with an official New Zealand release through Vixen Direct. Volume one was shot in

2004, during the Golden Age of DVD Porn, and represents a textbook example of excellent meat-and-potatoes, sex-on-a-couch, gonzo smut.

Here's what you get:

SCENE 1: LUCY LEE

Lucy Lee is Korean and begins the movie by repeatedly exclaiming the movie's title. Then wondering what the fuck it means, being Korean and not Japanese. It's mildly amusing. Her scene is quite magnificent. Excellent lighting (for those who care) and excellent reverse cowgirl anal with multiple ass-to-mouths, concluding with a generous pop shot that manages to coat Lucy's mouth, eye, and hair. Banzai!

SCENE 2: ANNIE CRUZ

Annie Cruz is Filipino with a puffy pussy and elastic asshole. This scene goes straight to the A and features no vaginal fucking at all. Just a thorough, rough pounding administered to Annie's pliable butthole, in multiple positions, with a little bit of gaping for connoisseurs. Another facial pop shot rounds out another terrific, nasty scene. Two for two!

SCENE 3: LUCY THAI

Lucy Thai is Thai (fancy that) with

fantastically ripe boobs sitting on her petite frame. No anal in this scene, but lots of vaginal fucking of an attractive lady on a swish looking couch. Again, the lighting and filming is expertly done, elevating this scene above standard Porn Valley sex-on-a-couch fare. Plus that's a good couch. I want it.

SCENE 4: KAMMY

Kammy is Japanese with a fully shaved pussy. Her scene features pussy and ass fucking. The anal is gentle, sedate even, compared to Annie Cruz's full-on bum-bashing, but this is another very nice scene. Even if the facial pop shot's more of a dribble than a splash; Kammy's muscles-like-Popeye partner may have taken one steroid too many.

SCENE 5: NAUTICA THORN

Nautica Thorn is half-Japanese and, for variety, her scene takes place outside on a bench in someone's backyard. Nautica looks very appealing side-on in doggy, with her face buried in a cushion and her ass in the air. Cute girl, nice curves, and a good ending to a great Asian-girl DVD you can grab cheaper than a bottle of sake from www.vixen.co.nz.

CONDOMS & LUBE 101!

Review by SADIE SINS.

MARQUIS CONDOMS

Have you ever tried to shop for condoms? It's overwhelming, confusing and I don't know about you, but it leaves me staring at a wall of colours like a stunned mullet, unsure whether I want my rubber sheaths ribbed, frilly, flavoured, thin, flared,

coloured or vibrating.

I don't want to dread condom shopping though, because quite frankly, I don't want gonorrhoea or to get knocked up. Or to be knocked up with gonorrhoea. Sexy. (Not really).

It's this dread that has encouraged me to do the hard yards (aka. fuck lots) to help YOU choose which condoms are the best for you. I've decided to review a bunch of products from the Marquis condom range because they seem to have a great variety, a good reputation and are awesomely priced.

Marquis should invent a gourmet range with flavours like Creme Brulee, Birthday Cake and Christmas ham. Okay, maybe not my last suggestion... but you get the drift.

MARQUIS SENSOLITE (12pk - \$10.95 / 3pk - \$6):

This is a great condom that Marquis offers because it's naturally coloured, smooth, parallel, non-flavoured and lubricated with silicone. It's a

it's fun and provides a great feeling for you both. Get your man to try wearing the ring with the bullet at the top (so it can vibrate against your clit) and then also upside side, so it vibrates against his balls. Or maybe you could put all three on at once and have a real party... Vibra-rings are available in standard and snug sizing.

MARQUIS LUBRICANTS (\$7.95):

With condoms, it's a good idea to always use lube so your condoms have

great condom to wear if you don't like wearing condoms because it is incredibly thin. The fact that it's not as thick as other condoms means you're able to experience an enhanced sensitivity. Hot! Sensolites are great condoms, without the bells and whistles.

MARQUIS TITILLATA (12pk - \$10.45 / 3pk - \$6):

If you like a different sensation when you're getting your fuck on, it's

worth checking out Marquis' Titillata condoms. They're ribbed with a dotted kind of surface. The textures on the condom provide an increased sensation (well they did for me, anyway!). These are my favourite because I'm totally a slut for a good ribbing!

less chance of breaking. Marquis offer some awesome lubes. They have a plain waterbased lube and also strawberry and banana flavoured ones if you're feeling a little adventurous. The lubes smell and taste great! Oral sex! Here you come!

MARQUIS VIBRA-RING (3pk - \$21.95):

You know what's awesome? Vibra rings! Basically, they're disposable, vibrating

cockrings. All you have to do is slip on a condom (they come free with the vibra-rings!) and then throw a cockring over the top, at the base of the penis. The vibrations aren't very strong and they only last about 15 minutes or so but

Marquis offer a HEAP more styles of condoms other than the ones I've reviewed so check out www.vixen.co.nz and stock up today.

Have fun! •

Cover your todge with Marquis condoms!

MARQUIS SPIRAL (6pk

- \$10.95 / 3pk - \$6): Marquis sell a style of condoms called 'Spiral'. When worn, they make spirals around the shaft which

creates a bit of 'spring action'. It's hard to explain but when I gave these a test, they definitely created a different and awesome sensation for both my partner and I. I don't know if I would use them all the time but if you're bored with condoms, check them out... they might tickle your pink. (Pun intended.)

MARQUIS SELECTA (12pk

- \$10.95 / 3pk - \$6): The Selecta condoms are awesome because they're flavoured. They come in

3 flavours; strawberry, chocolate and banana and a great way to spice up oral sex. The taste, to be honest, is quite naff but isn't horrendous or anything.

FEELIN' TRAGIC LIKE MARLON BRANDO WHEN I LOOK AT MY CHINA GIRL!

Only the second Chinese model to grace the cover of NZX, introducing sex-on-legs JOLINE.

LAURIE GETS SATISFIED

Laurie sat her desk in the empty classroom attempting to get up the nerve to go through with it.

Her online friend had dared her to do something naughty in her empty classroom. He wanted her to prove to him that she really was a daring, sexy lady.

The thoughts of what he had dared her to do had been going through her mind all week. As she sat at her podium, or behind her desk, she had to keep crossing and uncrossing her legs. As she attempted to teach the lesson, she would look around the room and imagine herself doing the dare. Each day on the way home from work she was fingering herself. By the time she had pulled into her driveway, she barely had time to shift the car into park before experiencing a powerful orgasm.

This morning, she had convinced herself that she would go through with it. It was a simple dare actually. She was to wear a short skirt that would still be acceptable for a teacher. Panties were not allowed of course. She was allowed to wear hose, but they had to be thigh-highs.

All she had to do was wait until her room was empty, lock the door, and do the dare. It would only take a minute.

So that morning she had done what he asked her and wore the appropriate clothing. She couldn't get it out of her mind all day long. Her pussy was steaming!

"Just get up and do it, Laurie!" she

whispered to herself. She pushed herself back in her chair and stood up. She checked the door again to make sure it was locked. Then, she pulled out the digital camera and set it on her desk, focused toward the back of the classroom. She set the timer and ran to get into position.

Laurie carefully stood up in the seat of a desk in the back row and pulled her skirt all the way up, baring her ass.

"How long is that timer?" she panicked, standing up with her ass bared. Finally, after what seemed like minutes, the flash went off. She quickly jumped down to see if it worked. It did. It was a perfectly centered photo of her exposing her ass in her classroom.

"Well, that wasn't so bad," she thought to herself, so she set up another shot.

For this shot, she opened her shirt and pulled her bra quickly off. She positioned herself in a desk with her legs spread wide and her shirt pulled open. It was a clear display of pussy and breasts. She was so turned on.

After the flash, she quickly set up a third shot. "This will show him!" she said to herself. "If he doesn't think I'm really daring after this, he never will."

Laurie went to the middle of the room and stripped completely naked. She took four fast photos, her heart pounding so hard in her chest the whole time. The first shot was of her standing naked in the middle of the aisle of desks. Shot number two had her stretched across the top of two desks, leg spread wide open.

The third shot was in the same position, except that this time she had two fingers buried deep inside of her pussy. For the final shot, she stood at her closed doorway, casually posed with her hand on the doorknob as if to open it and walk naked into the hallway.

"Enough!" she thought and quickly dressed. She wanted to finger herself to orgasm right then, but feared that anyone entering the room would smell her arousal. The fact that she didn't have any panties on sure didn't help the situation at all.

Luckily, she didn't have any more classes that afternoon. She waited patiently for the final hour to tick by so that she could go home and take care of her needs.

She was barely out of the parking lot before she had her fingers working rapidly at her clit. She quickly drove home, her hand alternating from her dripping pussy to pinching and tugging at her sensitive nipples.

Laurie turned the corner and headed to her house ready to quickly pull into her driveway, slam the car into park, and give herself the orgasm she needed so badly. As he pulled closer to her house however, she saw that the boys she had hired to cut her lawn were busy at their job. They were graduates she had taught three years earlier, home on break from university.

"Oh no, Laurie," she said to herself. "Don't even think about it, girl." They gave her a wave as she pulled into the driveway. She waved back at them as she stopped the car.

"Mmmmm, they look delicious," she moaned as she licked her lips. The two guys were perfect examples of the male form. Neither of them was wearing a shirt, and their chests glistened with their sweat. They were wearing the ridiculously long shorts of their generation, but it did little to hide their package in the front and their tight asses in the back.

"I do believe that I'm about to get nasty," Laurie whispered to herself. She stepped out of the car, making sure to show as much of her legs as she could. The guys stopped dead in their tracks as they easily saw her bare, white thighs against the black thigh high hose she was wearing.

She gave them a smile and then walked down the driveway to get the mail. On the way back, she made sure to drop an envelope. She bent over to pick it up, making sure to lock her knees so that her skirt rode up. If she had on a shorter skirt, they would have seen pussy, but alas, she had to be respectable.

The guys clearly were aroused. She could see the bulges in their shorts. Jim unconsciously reached down to adjust himself, easing the restrictions holding his cock in place.

"Mmmm hmmm," Laurie whispered again. She motioned to the guys to come over to her as she leaned back against her car. She licked her lips again as they approached her.

"Hey, Miss. B," they both said as she came near her.

"Hi guys," she responded. "The yard looks great. You guys almost done?"

"Yeah," Brian said. "We should be done in about ten more minutes."

"Good," she told them, "because I need to be fucked and I think you're both up for the job."

They both stood there staring at her with shocked looks on their faces. Did they just hear correctly? Did she really just say that?

She laughed and said, "Look, I don't think you two guys will run around telling everyone. I have needs, boys. I need to be fucked and fucked so hard that I scream. It's that simple. I need it and I need it right now. So you guys finish the yard and then meet me on the back porch."

"Damn!" Jim said. "Are you fucking serious?"

"I'm damn serious about fucking," she told them. "Now finish up the yard."

The yard was done in record time that day. The guys came through the gate and around the corner to the back patio, both of them sporting enormous erections.

"Oh damnnnnn," Brian said as he saw what awaited them.

Laurie was completely naked, except for her black thigh high hose. She was lying back on a lounge chair with her legs spread wide. She had her feet on the chair and her knees raised up. Her pussy was clearly on display, lips engorged with desire, moisture glistening where they were about to slide their cocks.

Laurie had her hands resting behind her head, which only put her breasts on better display.

"Get naked!" she ordered as the guys approached her. She lay there licking her lips, her eyes widening as their hard cocks came into view. "Just perfect," she said. "Those two hard things are going to do just fine."

Always the teacher, Laurie issued instructions. "I'm going to get up on my knees Jim, and since I've known you the longest you get to fuck my pussy first. Brian, you come over here so I can suck your cock. But don't worry because you'll both get some of each before we're done here."

Laurie turned around and put her butt up into the air, her pussy ready and willing to take a cock. Jim stepped up behind her, his hard cock bouncing in the air as he approached her. She felt the head of his cock as it bumped her thighs. She moved her hips around until he was where she needed him to be.

"Push it in me. I need that cock. Push it in now," she commanded. Jim leaned forward with his hips and thrust his cock deep into her pussy. She was so wet and aroused that he slid so deep that it took her breath away.

"Unnnhhhh!" she exhaled. "So damn good. Ohhhhhhhh!"

Brian had been watching this whole episode, absent-mindedly stroking his cock. Laurie looked over at him and said, "Come over here and put that thing in my mouth."

Brian pushed his cock to her and her hot, wet lips wrapped around it and sucked him in.

Two cocks. Two hard cocks. She was taking two hard cocks at the same time. One was slamming into her pussy and she had the other one sliding in and out of her mouth. She couldn't believe how bold and nasty she was being.

As if in a dream, she imagined what it looked like. She could almost see herself getting fucked by these two hunks. She wished she had set up a video camera because the picture in her head was so damn erotic.

Laurie was on her hands and knees with a young stud fucking her pussy doggie-style while another young stud was fucking her mouth. She was so close to cumming. She knew it wouldn't last much longer.

Without any warning she felt Jim shooting his sperm in her pussy. As the first jets of hot jism splashed her insides, she came herself. "Unnnnnnnhhhhh!" she moaned loudly around the cock that was in her mouth. She pushed Brian away as the spasms rippled through her body.

Jim was pounding at her pussy, slamming as hard as he could while her pussy milked the last drops of his cum from his cock. She was gasping for air, breathing in deeply as he finally pulled free from her pussy.

"Fuck me, Brian!" she huskily demanded. "Get over here and slam me with it."

Jim stumbled backward as Brian hurried over and lined himself up. He slid inside of her steaming pussy and immediately began thrusting in and out. Having just had his cock sucked while watching her getting fucked by his buddy, Brian was on the verge of cumming. He grabbed her roughly by the hips and began driving his cock into

her with reckless abandon.

"So...good! So....damn.....good!" Laurie was panting between his strokes. "Fuck me, fuck me, fuck me!"

Laurie started cumming again as Brian slammed into her. The contractions of her pussy were all that Brian needed. He moaned loudly and pushed forward hard against her as he came. She lost her balance and fell forward onto her chest. He rode her down, thrusting hard three more times before collapsing onto her back.

After a moment, Brian pulled out of her and stepped back. Laurie weakly rolled over onto her back, her breath coming in short gasps.

"That was just what I needed," she told them with a smile.

Jim, fully recovered now, was stroking his hard cock and standing off to the side. He gave her a shy smile and walked over to her side. She looked up at his huge cock hanging down toward her face. She gave him a smile and said, "Okay, I know what you want." She sat up and took his cock in her mouth. She sucked and licked and slurped it. She held his balls in one hand and his ass with the other. It wasn't too long before she felt his balls tighten up and she knew he was about to cum.

She pulled him out of her mouth just long enough to say, "Cum all over me. I want you to cum all over my tits and pussy." She sucked him back in and using her lips, mouth and hands had him cumming quickly.

Jim pulled out of her mouth and began stroking himself rapidly. She stared in amazement and wonder as his cock suddenly exploded, spitting hot cum onto her chest. One strand landed on her left breast and started oozing downward. She lay back quickly so that his next two spurts shot onto her pussy and thighs.

"Mmmmm" she moaned as her fingers swirled the cum around. She rubbed it all over her nipple and pussy lips, her fingers growing slick. She took the jism that landed on her thighs and worked it into her hosiery.

"Mmmm," she moaned again. "I hope this stains my hose," she thought to herself. "I'll only wear them again on special occasions."

Finally, she stood up. She stretched her whole body.

"Guys, that was a very good fucking. I appreciate it." She told them with a satisfied smile.

"Anything for you, Miss B." Jim told her. "We're here to please."

Laurie thanked them and went inside. She still had some pictures to send, and one hell of a story to tell. •

MOTORCYCLE MADNESS

A few weeks ago the daughter-in-law (actually, my step-daughter-in-law) came by after work and mentioned that she'd gotten a new job offer that day. She said that someone had stopped her during lunch and asked if she would like to be photographed posing with his Harley motorcycle and left his business card with her.

She was excited about doing it, but her husband Bob had told her that she couldn't do it. She still wanted to do it anyhow, but she was too scared to go by herself. My wife told her that all this guy wanted was a chance to see her naked. But she argued that it was a paying job and that she'd always wanted to sprawl out on a hog anyway. Besides, this might be her last chance since she was getting close to 30 and felt that she was starting to become less attractive.

I looked at the card and noticed the e-mail address was dropyertop@XXXXXXX and told her that I didn't think he was talking about putting the top down on a convertible, but that he was expecting her to pose bare-breasted. She gave me a look that could almost kill and told me that she knew that, but still wanted to do it.

After she packed up the kids I walked out to the car with her and told her that if she was serious I would talk to the guy

and even go with her to the photo shoot so she wouldn't have to be afraid of what could happen if she was alone. I quickly called Radar and after some discussion he offered a price of \$100 for a couple hours of modeling topless for photos with his Harley.

He also suggested that he thought she would be willing to do more if asked so I told him that I would do everything that I could to make sure it went as far as she wanted, and if she was willing I would try to encourage her to do whatever he wanted.

A few weeks later Joy and I were in the car on the way to meet up with Radar. We had set up the time and he was going to have the money ready as soon as we showed up. Joy was already dressed for the photo shoot as she was wearing her blue floral bikini underneath the leather coat she liked so much. I thought that it was too bad we weren't stopping anywhere along the way as the jacket was just barely long enough to cover her ass when she got out of the car and stood up.

He lived about an hour away so we had plenty of time to talk about what was going to happen, and how she felt about being semi-nude in front of me, and letting a stranger photograph like that. I could tell that she wasn't feeling at

all self-conscious, but instead seemed to be quite excited by the whole adventure.

We finally found Radar's house and pulled up in front of his garage. When he heard us drive in he came out and quickly brought us into his makeshift photo studio. He'd done a pretty good job of putting up sheets for a back drop and even covered the floor with cloth so it was difficult to tell that we were still in a garage.

Sitting in the middle of the draped-off area was Radar's pride and joy; a gleaming chrome and black Harley Davidson motorcycle. It was evident that soon it would become even more the center of attention as all the lights were pointed towards the bike.

I was also a bit chilly in the garage, I'm sure by choice, so I knew that as soon as we got started and Joy took off her top, her nipples would be firmly pointed. Although I had never seen her without clothes, I had often seen her braless while she was just sitting around at home and her nipples usually were trying to poke their way through the front of her shirt.

Radar passed along the agreed upon amount of money and left a pile of cash still sitting on the table. Joy looked at it, but didn't say anything. I knew that it was to be used for incentive later on to see how far she was willing to go. Radar asked her to take off the jacket and after a quick turn around and a long whistle she straddled the bike. Radar had suggested a few photos of her still in the swimsuit so she could get used to sitting and posing on the motorcycle and being in front of the camera.

After about ten minutes and perhaps a dozen poses he announced that now it was time to "drop yer top." She didn't hesitate a bit, but quickly reached behind and untied the ties and pulled off her top and tossed it to Radar. At that point we all stopped for a moment while Joy showed off her tits and we just stared at her. I was a bit surprised that her tits had sagged as much as they had, but still she is a 34C and has very long hard brown nipples.

It wasn't long before the moment of posing and staring passed and Radar started shooting photo after photo of her sitting on the bike, kneeling on the bike, and laying in just about every position she could think of. He did several close up photos of her tits, and many that were just from the waist up.

I should add here that I had slipped my digital camera in my pocket before we left so I was also taking a shot here and there, just enough to keep track of what was happening.

When it seemed like Joy had

exhausted just about every possible pose, Radar asked her to take off the bottoms of her bikini. At that point she looked over at me for some help so I asked him how much more he was willing to pay. He told me another \$100, which I told her was fair, so she shrugged her shoulders after I took the money from the table and stripped the rest of the way.

Joy was now totally nude in front of us and didn't seem to be the least bit bothered by it. Her nipples looked like they had become even harder, if that was possible. As she leaned back onto the bike and put one leg on either side of the tank, she gave us both a long look at a cleanly shaved pussy on the bottom and just a bit of neatly trimmed fluffy hair on the top.

She now went back through most of the poses that she had already done topless and eventually ended up putting her jacket underneath her so she could lay back on the gas tank and lean her elbows on the handle bars. She had both feet up on the seat and had her legs spread wide as Radar zoomed in for close ups. She held that pose for several shots and then we both encouraged her to start to pull her nipples and touch herself.

She didn't need much more encouragement than that, so for the next 10 minutes we both watched as Joy took turns pulling her nipples with one hand while she rubbed her pussy with the other. She was spending so much time rubbing her clit and playing with herself that she didn't even notice Radar had taken off his clothes.

He quickly moved into place on the motorcycle by lifting up her legs and sliding onto the seat of the bike. He placed her so that his hard cock was now laying on top of her pubic mound and the little strip of hair she hadn't shaved off. We both encouraged her to keep on playing with herself so she started up again, but as she reached for her pussy she kept on stroking Radar's cock for a few moments before and after each time she touched herself.

It wasn't long before she had given up pulling on her nipples and let Radar take over instead. He was pulling them hard enough that it would lift her back off the bike, but it only seemed to make her more excited. She also gave up rubbing her pussy and instead had grabbed onto Radar's cock with both hands and was slowing pumping his cock as he kept pulling her nipples.

He had a remote control for his camera so he would stop and trip the shutter every once in awhile and then go back to pulling her nipples and feeling her pussy.

I was wondering how long this could continue, but just then Radar looked over at me to see what I was willing to let him do. I nodded yes for him to go ahead and do whatever he wanted.

Right away he picked up Joy's hips and in one swift move plunged his cock deep into her pussy. She let out a howl, but didn't try to get away and eventually he started to fuck her with slow, long, hard thrusts deep into her cunt by actually lifting her up and then pulling her down onto his cock. It only took a dozen or so of these hard thrusts and Joy started to howl again, but this time from an orgasm.

After her initial screams of pleasure she kept on yelling, "Fuck me, don't cum in me, fuck me, don't cum in me." Radar paid attention to what she was saying and was a perfect gentleman about her wishes. He continued to pull her onto his cock and pound her pussy as slow and hard as possible.

Just before he was ready to cum he laid her back down on the bike and let her stroke him to an orgasm. He let go with several hard bursts of cum that reached all the way up to her chin and covered her tits and stomach very well. He held her that way for a few minutes and then took some more photos while she followed his instructions and rubbed his cum on her tits and then licked her fingers clean.

He soon crawled off the bike, and as he got dressed we watched for a couple minutes as Joy came down from her orgasm. She was still laying on the bike, and after playing with the cum on her body, most of it was spread out and dry. Radar commented then about how hot she was, and that he just knew she had it in her to be a real slut when he saw her that first day and just had to ask her to come and model for him.

We talked a bit about the possibility

of another session, and perhaps even having a friend come in that had a really fancy bike. He was sure that she could do three or four guys without a problem, but I thought that might not be safe. Joy finally came to and asked what we were talking about so Radar told her. She frowned at him, and said no thanks, but I think the idea may have been planted for the future.

I tossed her bikini bottoms to her and after she pulled them on, she slipped on her jacket. Radar was going to keep her top for a souvenir of the evening. As we went out the side door and got back into my car she made me promise not to tell Bob or anyone else about how far she had gone.

She also mentioned that she had noticed that I had a camera with me, and what was I going to do with the photos? I told her that they were for my use, and that maybe I'd use them for blackmail if I wanted something from her later on. She laughed and said, "You only have to ask to get whatever you want."

The drive home was quiet, although I was wide awake, but Joy drifted off into sleep now and then. I must add that it was difficult to focus on driving, but easy to stay awake, as she hadn't zipped up her jacket when we left so almost all the way home I had the pleasure of seeing her tits as her jacket had fallen completely open while she slept.

When I dropped her off at home she leaned over and gave me a kiss on the cheek and told me, thanks for making her dream come true. That was a difficult spot for me as when she leaned over her tits were hanging way too close to not reach up and fondle them a bit.

So I did.

She just smiled as I caressed her tits and pulled her nipples, and then kissed me and said, "Remember, anything you want, just ask." •

"He started to fuck her with slow, long, hard thrusts deep into her cunt."

SADIE'S SIN HOUSE

ONE WOMAN WHO LOVES HER PORN!

THE NZX ADVICE COLUMN!

Dear Sadie, what are some quick tips for having better sex?

Hi there, I'm not sure if you're a guy or a gal, but seeing as this question could have me here all day, here are three important tips that apply to everyone!

1 — Don't rush! Starting slower and having your partner say, 'OH GOD HARDER FASTER PLEASE!' is much sexier to hear than 'Slow down please!'.

2 — Talk! Tell your partner what you do and don't like (and expect it in return).

3 — Don't assume that that trick you did on your ex-boyfriend will turn your new boyfriend on.

Hope those help!

Dear Sadie, I'm a 20 year old woman and I've had sex but never masturbated. Can you help?

Yes I can help! What's your address? Kidding! The best way to masturbate is to just do it. Lock your door. Put on some sultry tunes if you wish. Grab some lube. Have TIME available. And just start exploring your lady parts. Don't expect to have an orgasm, just enjoy touching to see what you like. If you get bored, stop. It's not a race!

Dear Sadie, what are some safe topics to talk about on a first date?

Congrats on scoring a date! Safe first-date conversations include your date's job, travels, where and how they grew up, movies you've recently seen, etc. Make sure you compliment them as well. Don't be a crazy fool with it but a few (non creepy) compliments will give you bonus points.

Dear Sadie, every time I have doggy style sex with my boyfriend, I feel like I need to pee. What's going on?

This is not a bad thing! It's actually a very good thing! G-spot stimulation done right will make you feel like you need to pee. If you stick it out in that position and relax into the 'Oh my god I need to pee' feeling, you'll more than likely squirt! So, before you do this next time, put down some towels on the bed and just relax. I guarantee you, you'll

have an orgasm that will fast track doggy style as your first position choice!

Dear Sadie, my girlfriend tells me that getting head is the best feeling in the world for her. If it's that great, why does it take her so long to come?

Maybe that's why she likes it so much! It's not a race. Sometimes lead up is better than the orgasm with cunnilingus... Next time you go down on her, blow her mind by bringing her to the edge of orgasm and then backing off two or three times before you let her come. I guarantee you she will cook you eggs the next morning.

Dear Sadie, my girlfriend won't get fully naked when we have sex. I know she's self-conscious but I think she's beautiful. What do I have to do to help her get over her body worries?

Positive reinforcement is the key. Don't harass her to get naked but make her know you think she's the most beautiful creature on the planet. Don't use compliments as a way to get her naked but use them genuinely. Don't ever criticise her body shape, compare her to others (unless you're saying she's hotter) or poke her fat bits. Ever.

WORLD WIDE WANKEE

Words by
FRANK BEANS

NET GIRL
OF THE
MONTH

Kiwigirl KATIE, 18, from Christchurch made her nude debut (one of four kiwigirls who did so) in NZX's spectacular #97th issue. See more of her on www.nzxmag.co.nz. Never before have we had a model who provoked so many requests from gents as to whether, erm, she might be available for private meetings. Photo by ANDREW X.

MAN MEATS WOMAN

American porn star BROOKE HAVEN is a three-time attendee at NZ's Erotica Expo (Wellington '08, Christchurch '09, Auckland '09) and here she is with a cock inside her. These pics are from www.bigtitsatschool.com, which is kind of a "wishful thinking" scenario. Unless your maths teacher really did look like this...

BROOKE HAVEN's students pay attention in class.

WHO LIKES BOOBIES?

Kiwigirl KIM from Auckland has boobs you'd love to bury your face in and, pardon our French, wrap around your cock...and fuck back and forth...until your knob shoots a liquid tribute upon her beautiful jubs. Or face. See more of Kim's suckable nipples at www.nzxmag.co.nz, the home of New Zealand's finest boobies!

Kiwigirl KIM and her boobs. We like. A lot.

NUDE IN PUBLIC

At NZX, we recommend any book store that sells NZX. If there's no NZX on the shelves, just walk on by. And walk through the doors of a boob-friendly store. Such as this one, where the boobs roam the isles, free and wild. And are on display, just like the books. But not necessarily for sale.

Somehow we doubt it.

WE LOVE PORN STARS

DAISY MARIE is one of the "most booked" (and therefore, most schtupped) porn stars of the past decade. These pics from www.twistys.com show why this Latin-American is so popular. Wanna get in the ring with her?

Love is all you need, eh John?

GUESS WHOSE PUSSY!

WIN NZX WEBSITE MEMBERSHIP!

If there's one thing NZX readers love, it's pussy. And now you can be rewarded for your love of pussy. Just identify the NZX model in this photo and you can **WIN** one year's free membership to www.nzxmag.co.nz and the chance to gawk at loads more pussy! To enter, email the model's name to editor@nzxmag.co.nz by March 31, 2011. One winner will be randomly selected. Hint: this NZX model comes from Palmerston North!

A blonde woman with long hair is crouching on a grassy cliff. She is wearing a black bikini top with pink ribbon ties and a matching bottom with a pink ruffled waistband. She is also wearing black thigh-high boots. In the background, there is a body of water and a city skyline under a blue sky with clouds.

On a cliff above Auckland suburb St. Heliers, right in front of Graham Henry's house (keep your eyes on the ball, gov), sparkling, sexy, former NZX covergirl **HAYLEY-ROSE** forgets to wear panties. How blonde of her! Not that we're complaining...

LOOK LADS.
NO PANTIES!

RICHARD DAWKINS QUOTATIONS

We are going to die, and that makes us the lucky ones. Most people are never going to die because they are never going to be born. The potential people who could have been here in my place but who will in fact never see the light of day outnumber the sand grains of the Sahara. Certainly those unborn ghosts include greater poets than Keats, scientists greater than Newton. We know this because the set of possible people allowed by our DNA so massively outnumbers the set of actual people. In the teeth of these stupefying odds it is you and I, in our ordinariness, that are here.

— from the book *UNWEAVING THE RAINBOW*

[Many people] have a residue of feeling that Darwinian evolution isn't quite big enough to explain everything about life. All I can say as a biologist is that the feeling disappears progressively the more you read about and study what is known about life and evolution. The more you understand the significance of evolution, the more you are pushed away from the agnostic position and towards atheism. Complex, statistically improbable things are by their nature more difficult to explain than simple, statistically probable things. — from *The New Humanist* journal

The total amount of suffering per year in the natural world is beyond all decent contemplation. During the minute that it takes me to compose this sentence, thousands of animals are being eaten alive, many others are running for their lives, whimpering with fear, others are slowly being devoured from within by rasping parasites, thousands of all kinds are dying of starvation, thirst, and disease. It must be so. If there ever is a time of plenty, this very fact will automatically lead to an increase in the population until the natural state of starvation and misery is restored. In a universe of electrons and selfish genes, blind physical forces and genetic replication, some people are going to get hurt, other people are going to get lucky, and you won't find any rhyme or reason in it, nor any justice. The universe that we observe has precisely the properties we should expect if there is, at bottom, no design, no purpose, no evil, no good, nothing but pitiless indifference. — from the essay "God's Utility Function"

If death is final, a rational agent can be expected to value his life highly and be reluctant to risk it. This makes the world a safer place, just as a plane is safer if its hijacker wants to survive. At the other extreme, if a significant number of people convince themselves, or are convinced by their priests, that a martyr's death is equivalent to pressing the hyperspace button and zooming through a wormhole to another universe, it can make the world a very dangerous place. Especially if they also believe that that other universe is a paradisaical escape from the tribulations of the real world. Top it off with sincerely believed, if ludicrous and degrading to women, sexual promises, and is it any wonder that naïve and frustrated young men are clamouring to be selected for suicide missions? — from the essay "Religion's Misguided Missiles"

Over the centuries, we've moved on from Scripture to accumulate precepts of ethical, legal and moral philosophy. We've evolved a liberal consensus of what we regard as underpinnings of decent society, such as the idea that we don't approve of slavery or discrimination on the grounds of race or sex, that we respect free speech and the rights of the individual. All of these things that have become second nature to our morals today owe very little to religion, and mostly have been won in opposition to the teeth of religion. — quoted in the essay "Confessions of a Lonely Atheist"
